✓ = included in SWR

* = depends on how penmanship is taught, whether a transition to cursive is necessary, and whether you want to use something to help you accomplish this; see more on [Cursive First](#)

S = need to supplement as follows:

Reading: add books for the student to read

Reading Comprehension: add [McCallBooks](#) (not included in SWR Core Kit)

Grammar & Composition: add a more structured program in intermediate grades

With the Core Teacher's Kit and reading materials, you have a
complete Language Arts program

for the *first six school years for any and all of your students.*

The only items replaced each year is the student learning log.

You can add to your tools, but this is all that's required
to give your students the gift of language.

The Wise Guide Enrichment Activities Worksheets

enable you to easily
bring all these subjects together.
